Out After Diamond Drill For Devil's Elbow Mine

New Find In Ore Body 1000 Ounces In Silver

J. G. Galvin and Sam Silverman, the promoters of the Devil's Elbow property, came down on the Winifred last Tuesday night, and left on the Dolphin for Seattle. They are making the trip outside for the purpose of getting a diamond drill to take up to the property to be used for further development work. They expect to be back with the drill and additional crew in the course of a week or more.

Mr. Galvin and Silverman are taking out with them a large collection of samples of the ore from the property and also some of the new ledge which they have struck about a hundred feet further down the mountain side from the original shaft. Some of the new samples they are taking down show very great in silver, Mr. Silverman having taken a piece of the ore in the black smith shop at the mine and melted out the silver and has a chunk as large as a big marble of the rich ore to show for the experiment. Both men are very enthusiastic over this and state that this ore carries more than a thousand ounces of silver to the ton. As soon as they return they expect to put more men at work and will rush the development work all winter.

In speaking of the property Mr. Silverman stated, "Everything

looks good to us and is coming out in fine shape. I consider this one of the richest properties that I have ever had hold of, and it is going to be one of the big mines of the country, although at present we are only doing development work which will take us all winter to finish, we have a crew of twelve men working there now, and when I get back I want to have a crew of some twenty all winter. I will take in a diamond drill as soon as I can go to Seattle and get one which I expect will take me about three weeks. The work is progressing fast and we are finding new discoveries every day. Our mineral zone of the property is over a hundred feet wide and in many places we have found clear clean ore for over ten feet wide. During the past week we have located ore over a hundred feet farther down the mountain which we believe is the same we are working in. When I get back with the drill and by spring we can tell just what we have and then we will build a large condenser plant and have a great producing mine. I want to say too that the statement you made in the Sentinel last week that we had \$10,000 on the dump wants to be changed to \$20,000 which is more than enough to pay our develop-

Work Placer On Stikine

L. T. Watson, the well known mining man and prospector, is in Wrangell waiting for a hydraulic mining plant which he expect up from the south on an early boat.

Mr. Watson intends to put in his plant on Strongs Bank, up the Stikine River, and work the bank and bar for placer gold. The plant will consist of a eight inch centrifugal pump and a six inch force pump and excessaries. The plant will be put on a large scow and with a crew of seven men he expects to take out over sixty thousand dollars from this bar during the next year.

Dr. Emery Returns From West Coast

Dr. C. A. Emery returned on the Uncle Dan yesterday from an extended business trip to the West Coast. Dr. reports things on the West Coast as being very good. Dr. Emery will be at his office until the first of September and all in need of his services are requested to call before that time.

ment work so far."

The statement of these men who co-operates with that made by Mr. Chilberg last week goes to show that this is going to be one of the biggest mining producing countries of the world.

Mr. Beattie Here Few Days

Mr. W. G. Beattie, Superintendent of Government schools for this section, came in on the Mariposa Monday from Ketchikan and stopped over here for the Al-ki. Mr. Beattie accompanied Dr. Claxton, of Washington, D. C. Commissioner of Education, to Metlakatla on his second trip to that place in an effort to amicably arrange matters between the natives and Father Duncan and the Government. On their arrival at Metlakatla Father Duncan absolutely refused to see or confer with Mr. Claxton who, besides his official capacity as the head of the Bureau of Education, held a special commission from the Secretary of the Interior Mr. Lane, to adjust matters, but, as Mr. Duncan refused to confer with him he had no alternative but to carry out instructions taking over all the attached property in the name of the Government for the use and benefit of the natives who belong to the village.

Mexicans Get Jail Sentence

Three Mexicans were gathered in by Marshal Wallace last night and taken before Judge Thomas this morning on a charge of assault and battery. They were Joe Garcia who received a sentence of 50 days in jail, John Saballo sentenced to serve 90 days and Sabino Gonzalez who will also board with the Marshals force for 90 days.

Changes In Marshals Force

On Friday of last week, United States Marshal Bishop made four changes in his force of deputies.

James L. Manning, who has held the position of assistant postmaster in Juneau, was appointed successor to deputy Marshal Hector McLean in the head office at Juneau.

W. C. Sharp, guard in the jail at Ketchikan succeeds J. H. Davies as deputy marshal at Ketchikan.

J. W. Coombs was named to succeed W. S. Harding at Haines. Deputy Marshal John Goodell, at Sitka, is succeeded by Henry L. Bahr.

The new appointees are all democrats, and succeed republican holdovers.

John Francis Mullen, chief deputy in Marshal Bishop's office, on Monday sent in his resignation, to take effect not later than September 1. John J. Clarke, chief deputy clerk of the district court, is said to be slated to succeed Mr. Mullen.

May Have New Government Building For Wrangell

A Long Felt Need Is About To Be Realized

According to advices just given out, plans are being made for a new jail building for Wrangell. While only the estimate is as yet made it is believed that it will be carried through and a new jail building built on the site now occupied by the old court house. The facts of the affair have not been given out as yet but it is felt that the building will be two stories and will possibly contain a room for the Commissioners Office.

We have long felt the need of some new government buildings to take the place of the old decayed court house, which is sore eye to us all, setting on the prettiest sight in the town, the impression of the old buildings are very bad, and are the comments of all our visitors who walk through the reserve. With the old buildings torn down and a new modern one set in the center of the beautiful lawn which the marshal's office has taken such care to build up, the effect of the sight can be readily guessed. We heard it contended while speaking of this subject that one prominent man of the town was not in favor of destroying these buildings but preserving them as a memento of the past, we cannot agree with him for we want to see Wrangell built

up to a modern little city, so that our visitors will go away with that in mind rather than a town with an old fort and court house and totent poles.

Rev. Dr. Webb At St. Philips Church

Rev. Dr. F. T. Webb, Vicar of St. Lukes Memorial Church, of Tacoma, Wash., came up from Ketchikan on the Spokane and will hold services at St. Philips Church next Sunday at 10:30 A. M. and 7:30 P. M. The public is cordially invited to attend both services.

England is adding 50,000 to the navy while the adding is good. But England cannot piously tell us that Germany should be subtracting from her militarism as long as England continues to enlarge her navalism.

Maybe you have noticed that when one of the European armies are driven out of a place they usually announce that it was of no "strategic importance" anyway.

There are two reasons why some people don't mind their own business. One is that they haven't any mind, the other that they haven't any business.

The observation of the "devil" is that the man who suddenly get mad at his habit and throws his pipe out of the window is the tobaccoist's best customer.

Don't waste any time looking back at your mistakes. There is more fun looking up the mistakes of other people.

WINCHESTER
.401 Caliber
Self-Loading Rifle.

This new Winchester is reloaded by recoil, the repeating as well as the firing mechanism being under control of the trigger finger. A bullet fired from it strikes a blow of 2038 pounds—force enough to topple over the biggest game—penetration enough to reach the innermost vital spot. The wonderful in operation and powerful in execution, this rifle is neither complicated in construction nor cumbersome to handle.

It Hits Like The Hammer Of Thor.

HIS JOB WAS SHAKY.

So Callahan Put a Couple of Nails In to Hold It Down.

This interesting narrative was revealed in a conversation between the conductor and another railway employee in the early morning hours the other day on a Smith street car:

"Is Callahan on the road yet?"

"Sure. He's got a steady run on No. 82,944."

"But I thought he got into trouble."

"He did. He struck a butcher's wagon some time ago."

"That's bad."

"Divvel a bit Callahan thinks so."

"And why?"

"You know when a motorman hits anything and it is his fault he has to pay for it, don't you?"

"Sure, the company takes a dollar a week out of his envelope until it is paid up."

"Right you are. Well, a cold winter is coming on, and Callahan thought it was time to hit something. So he hit a butcher's wagon."

"Make me wise, will you?"

"It's this way. Ever since he has been here Callahan has been shaky about holding his job. One day he did \$10 worth of damage to the back of an undertaker's wagon, smashed a glass or something like that."

"Yes."

"He was told he would have to pay a dollar a week until the damage was made good."

"That's the way."

New Law Is In Effect

The act making it unlawful for minors to frequent pool or card rooms became effective July 26th, and is now in force. It reads:

"To prevent minors under a certain age frequenting or loitering in or about pool, billiard or card room and to provide punishment therefor.

"Be it enacted by the Legislature of the Territory of Alaska:

"Section 1. It shall be unlawful for any minor, under the age of seventeen (17) years, to frequent or loiter in or about public pool, billiard or card rooms, conducted for profit, in the Territory of Alaska. Every proprietor, keeper, manager, conductor, clerk or person having control of any pool, billiard or card room or hall, conducted for profit, in the Territory of Alaska, who allows any minor under the age of seventeen (17) year to frequent or loiter in or about such pool, billiard or card room or hall is deemed guilty of a misdemeanor. Every minor, under the age of seventeen (17) years, who frequents or loiters in or about any pool, billiard or card room or hall, conducted for profit, in the Territory of Alaska, is deemed guilty of misdemeanor.

"Section 2. All acts or parts of acts in conflict with this act are hereby repealed.

"Approved, April 26, 1915.

Restoration To Entry Of Land In The National Forest

Notice is hereby given that the lands described below, embracing 230.06 acres, within the Tongass National Forest, Alaska, will be subject to settlement and entry under the provisions of the homestead laws of the United States and the act of June 11, 1906 (34 Stat., 233), at the United States land office at Juneau, Alaska on October 16, 1915. Any settler who was actually and in good faith claiming any of said lands for agricultural purposes prior to January 1, 1906 and has not abandoned same, has a preference right to make a homestead entry for the lands actually occupied. Said lands were listed upon the applications of the persons mentioned below, who have a preference right subject to the prior right of any such settler, provided such settler or applicant is qualified to make homestead entry and the preference right is exercised prior to October 16, 1915, on which date the lands will be subject to settlement and entry by any qualified person. The lands embrace a tract of 94.17 acres, described as follows: Beginning at Corner No. 1, a heavy post set at intersection of creeks, marked H 1, whence a spruce 30' in diameter bears S. 54 deg. E., 1.13 chs.; extending thence N. 51 deg. 45 min. W., 12.05 chs.; thence N. 78 deg. 45 min. E., 19.30 chs.; thence S. 33 deg. 30 min. E., 59.15 chs.; thence S. 74 deg. 30 min. W., 21.79 chs.; whence meander line along east bank of Creek N. 1 deg. W., 11.89 chs.; N. 7 deg. 30 min. W., 4.77 chs.; N. 34 deg. W., 5.24 chs.; S. 78 deg. W., 4.38 chs.; N. 39 deg. 30 min. W., 3.14 chs.; whence Corner No. 2 of the M. R. Olsen Forest Homestead Survey No. 69 bears S. 28 deg. W., 3.22 chs.; thence N. 31 deg. 30 min. W., 4.07 chs.; N. 64 deg. W., 4.40 chs.; N. 52 deg. W., 3.54 chs.; and N. 23 deg. 30 min. W., 3.77 chs.; to the place of beginning, listed upon application of Ivar Olaf Arnesen, Warm Springs Bay, Baranof, Alaska; List 6-1666. A tract of 101.36 acres, described as follows: Beginning at Corner No. 1, identical with Forest Service Monument consisting of a heavy post marked F. S. M. H-1 located on north side of the head of Port Snettisham 25 links from extreme high tide, approximately one fourth mile southwest of the mouth of Speel River; extending thence N. 20 deg. E., 40 chs.; thence S. 70 deg. E., 24.7 chs.; thence S. 20 deg. W., 24.90 chs.; thence by meanders along line of mean high tide of Speel River; S. 11 deg. 15 min. W., 10.47 chs.; thence S. 67 deg. 15 min. W., 9.35 chs.; thence N. 81 deg. 30 min. W., 5.05 chs.; thence N. 51 deg. W., 10.38 chs.; thence N. 78 deg. 15 min. W., 4.75 chs.; to the place of beginning, application of W. P. Lass, Treadwell, Alaska; List 6-1667. A tract of 94.93 acres, described as follows: Beginning at Corner No. 1, identical with Forest Service Monument and Corner No. 1 of the K. B. Norholm Forest Homestead Survey No. 71; extending thence N. 21 deg. E., 14.03 chs.; thence meandering along the west bank of John's Creek N. 39 deg. 15 min. W., 2.76 chs.; thence N. 19 deg. 30 min. W., 2.98 chs.; thence N. 4 deg. E., 3.68 chs.; thence 10 deg. W., 10.82 chs.; thence N. 5 deg. E., 7.82 chs.; thence N. 3 deg. 45 min. W., 8.11 chs.; thence N. 6 deg. 45 min. W., 10.15 chs.; cross small creek; thence S. 79 deg. 15 min. W., 8.09 chs.; to Corner No. 3; thence S. 60 deg. 30 min. W., 22.14 chs.; thence S. 29 deg. 30 min. E., 55.30 chs.; to Corner No. 1, the place of beginning, application of Martin Oiseu, Warm Springs Bay, Baranof, Alaska; List 6-1668. June 29, 1915, C. M. Bruce, Assistant Commissioner of the General Land Office.

An Old Hero.

Stranger—I suppose, Sam, you are very fond of the general, your father, the hero of so many battles. By the way, is he home?

Sammy—No, sir. He went out this morning while mamma is discharging the cook—Philadelphia Record.

"A Awful Good Dog."

Ben Strickland, assistant clerk to the Indiana state bureau of printing and binding, said when he lived in Greenfield there lived there also a family composed of a man and his wife and a dog that was claimed by both of them. The family was nomadic, wandering about the country with a decrepit horse in the summer time, and the dog was their constant companion. Finally the dog lived its allotted days and was buried with as much pomp as the man and his wife could command. Next day Strickland saw the woman, and she was bewailing the loss of the dog. As a crumb of comfort Strickland offered:

"Now, Aunt Martha, you shouldn't feel so bad about that dog. What if it had been Uncle Billy (the husband) instead?"

"That might 'a' been purty bad," responded Aunt Martha. "But, Ben, I tell you that was a awful good dog!"—Indianapolis News.

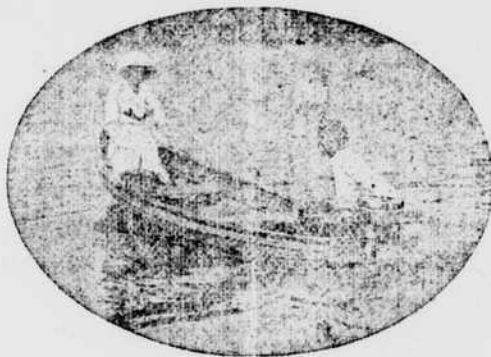

It Got Monotonous

A yellow negro in Kansas City decided that by barbering in the day time and fighting at night he could easily attain to great wealth. His first essay in pugilism was against a shift black with a good pug record. At the top of the bell the black professional planted a straight left on the amateur's nose and repeated the process some hundred times. By a superhuman effort the yellow barber came to a clinch and his voice rang high in agonized protest:

"Scattah yo' blows, niggah!" he demanded. "Fo' heaven's sake, scattah yo' blows!"—Success Magazine.

Fruit of the Sapota.

The very finest chewing gum is gathered from the fruit of the sapota, and the Yucatan Indians like it so well that they allow very little to be exported.

AUTOLOADING SHOTGUN

Loads itself with its recoil. Has a solid breech. ITS SAFE.

This is the greatest game gun in the world. Old hunters write us that it is hard hitting, quick in action and safe. The city sportsman, who shoots only occasionally prefers it, because of its light recoil. The Kick reloads it and you have 5 shots at your command. Five shots, solid breech, hammerless.
